School Board Nominee (Community Member)

What motivates you to want to become a School Board member?

My children previously went to PACT and I think it is a great school and consider it an honor to serve on the Board.

What expertise and experience in K-12/higher education will you contribute to the School Board; and what level of education and professional training do you bring?

My expertise is more in working with children than in actual school education.

What are the 1-3 biggest areas of concern you see facing PACT Charter School today, and how will you help solve them?

PACT needs better leadership and the Board and Administration need to work together to bring PACT back to the great school it was and still can be.

If elected, how do you plan to work collaboratively with Board members through the lens of what is best for all K-12 students?

I plan to listen to all sides and make decisions that I feel are best for the school as a whole.

What is your vision for education at PACT Charter School, how does it align with the school's mission and vision, and how will you help accomplish this?

Parents should have a say in how their children are educated. Our teachers are some of the best and we need to work together with them to stay aligned with our mission and vision.

What is your connection to PACT Charter School?

My children started the second year of PACT and all three graduated from PACT.
